<http://www.d9clubsites.co.uk/terms.html>

If you have any questions at all, please do get in touch with us on the following email address:

tickets@d9clubsites.co.uk

Need Help Filling Out The Order Form?

Please use the guide below to assist you in filling out the order form, if you are unsure about anything. Please leave it blank, or get in touch with us (tickets@d9clubsites.co.uk) and we'll guide you through the process. Don't worry if you make a mistake, everything can be changed! This information is to help us get a basic idea of your site requirements, modifications can be made to your site at any time.

Your Club Name?

This is the name of your club, it will be used throughout the website. An example club name would be: D9 Club Sites AFC

Your Desired Sub-domain Name?

This will be used as your website address. All Basic sites use what is known as a "Sub-domain", the sub-domain will use the following format:

http://your_choice_of_name.d9clubsites.net

All you need to specify on the order form is your desired name, to replace the red "your_choice_of_name" in the example above.

So for example, if your club was called "Green Hill United", you may wish to use "**GreenHillUnited**" as your subdomain name. The web address for your site would then be:

<http://GreenHillUnited.d9clubsites.net>.

*Please Note: Your desired domain name must not include spaces, or any special characters. Sub-domains can only be made up of letters, numbers, hyphens and underscores.

What Sport Do You Play?

This simply tells us what type of sport is played at your club. Eg: Football, Cricket, Rugby, etc.

Which D9 Site Design Would You Like To Use?

The Basic website package comes in 3 default themes - Red Devil, Victory Blue and Green Valour. You can see a demo of the three different themes at:

<http://www.d9clubsites.co.uk/demos.html>

Which Email Address Would You Like The Website To Send Contact Enquiries Too?

Your website will have a contact form that will allow site visitors to contact you. All you need to do is tell us which email address you'd like the form to send the messages to. If you'd prefer not to have a

contact page on your website, please enter "No Contact Form" in the box.

Please List The Categories You'd Like To Have On Your Site.

When we set up your website for the first time, we need a basic idea of the different categories you'd like to have on the site. For a standard football club website, we'd recommend the following categories:

News, Results, Fixtures

These are by no means final. Categories can be added, and removed at any time in the future.

Please List The Different Teams In Your Club.

It's possible that you have more than one team in your club, so we need to know the names of the different teams so we can add them to the website. As an example, your club could have different age groups and levels, so you may have:

Seniors: First Team, Reserve Team

Juniors: U10 Team A, U10 Team B, U11 Team A, U11 Team B

These can be added to and removed at any time, but if you are able to give us a basic idea of the structure of your club, it will help us in the initial setup of your new website.

Would You Like A Forum?

A forum is a great place for your club members and fans to get together and chat about anything and everything! If you would like your club to have its own section in our community sports forums please select "Yes". Don't worry if you are unsure, the forum can be added or removed at any time during the future!

How Did You Find Us?

If you were referred to D9 Club Sites by a person, a website, or another sport club, please list them here.

Any Other Requirements?

If you have any further requirements that you feel we may need, please mention them here. We will then contact you to discuss them further.
